Objective

To design, develop, and deploy interactive media that is simultaneously usable, innovative, and enjoyable.

Experience

RED Method Feb. 2009—Mar. 2010

Interactive/Mobile Developer

Developed rich mobile and web applications, as well as interactive prototypes of enterprise software and mobile device systems.

Notable Achievements:

AT&T Labs / Created a prototype of a mobile messaging application and an accompanying device simulator for usability testing.

Automilez / Developed a native iPhone application integrating RED Method's unique mobile GPS mileage tracking software.

McKesson / Employed unique interaction models and data visualization to develop a prototype of an enterprise medical software application.

Build-A-Bear Workshop / Created a Flash-based web application that enables users to mix their own voices with music and sound effects.

Launchpad Creative Sept. 2007—Jan. 2009

Senior Interactive Developer

Worked at the Austin-based creative agency, designing and developing Flash, PHP, and CSS-based websites and Internet applications.

Notable Achievements:

Urbanspace Realtors / Flash navigation, content showcases, and database-integrated image galleries for the Austin real estate company.

Members Only / Designed and produced a full-Flash web presence for the resurrection of the iconic 1980's apparel brand.

FunFunFunFest / Created Flash and AJAX modules for the Austin music festival's website, including a unique natural-interaction photo gallery.

Philips / Conceived and produced interactive, shadow-based installations for the GoGear launch event, using Processing and computer vision.

Belal Hibri Jun. 2007—Jan. 2009

Flash Developer/Design Consultant

Fully developed and subsequently redesigned the video colorist's website, which features a custom-built high-quality video player.

BAH! Design Aug. 2006—Feb. 2007

Flash Developer (Brennan Vineyards)

Recreated and maintained a vineyard's static HTML website as a fully-animated Flash site with interactive slideshows.

Education

University of Texas at Austin
B.A. in Psychology
